NORMAL GAME WILL DRAW BIG CROWD

First Big Game of Season at South Side Park Saturday.

Sixteen husky warriors from California Normal will unload here Saturday at 12:25. They will grab a bit of fire and thunder nourishment and at three o'clock will line up against the Normal team for their first beating at their hands in over two years. But before the beating is administered there will be a king's battle staged, for both teams are in the pink and ready to go anywhere their signals take them.

In the Pennsylvania town's lineup are Smith, Mills, Benton, Cropp, Jeffries, Dolan, Magee, Schomals, Sparks, Detrick, McVicker, Church, Block, Henry, Herrington and Adams. These gentlemen, their coach declares, can carry the ball through a three foot stone wall for twenty yards. They will find the Normal boys much harder to go through, however, than a three foot stone wall.

Since the game Saturday is expected to be the closest and best game on the Normal's at home schedule, plans are being made for caring for the biggest turnout of fans of the season. An unusual number of the student body will be on hand, the enthusiasm for this game being probably greater than that for any other game here this season.

A parade, of either jubilation or dejection, will be held by the students of the Normal school after the contest. The game is the first California has risked here for the past two years and the entire student body will be present loaded for bear.

Very Simple.
"Professor Snareem? I see by your sign that you offer to impart in one lesson an infallible system for remembering names," said the absentminded victim. "Quite so—payment in advance," replied the professor. And, after pocketing the victim's five, he explained: "It's this way: You greet a man, but his name eludes you. Ascertaining his favorite soda fountain beverage, you invite him to a nearby drug store to hit one. While he is imbibing, you borrow the store's city directory and rapidly run through it, glancing up at your acquaintance at every new name. At the psychological moment the man and his name will unfailingly associate themselves. Oscar, show the gentleman to the elevator."—Puck.

Sunshine Destroys Germs.
The clothing we wear harbors myriads of disease germs. This is especially true of woolen garments. Cotton and silk do not retain germs so readily as wool, and are therefore more suitable for clothing to be worn during exposure to illness. Nurses are obliged to wear cotton garments when in attendance upon the sick. To destroy germs in clothing there is nothing more potent than bright sunlight and air. Hang clothing and blankets, quilts, etc., outdoors where the sun and wind may beat upon them for several hours, and disease germs lurking in their meshes will be destroyed.

Where Bump Fell Down.
Willis—"Do you think a knowledge of the Bible is necessary for a business man nowadays?" Gillis—"Yes, indeed; ignorance of it cost Bump, the mail order man, a pretty penny last week. Some fellow copied a lot of names out of Chronicles and sold it to Bump as a mailing list and Bump sent out circulars of his new safety razor to half a hundred patriarchs of the Old Testament before he got wise."—Judge.

Just a Suggestion.
Minister—"I've brought so many separated husbands and wives together that I regard myself as a clerical cobbler." Deacon—"That's so, parson. You ought to have a big sign." Minister—"What would you suggest?" Deacon—"Matrimonial Re-Pairing While You Wait."

TEST OF LOVE.

BY CHARLES B. DRISCOLL
Would you know if his affection is the everlasting kind? Whether he will love you always, And will never change his mind?

Would you, just to ease your spirit, Make assurance doubly sure, So you need no longer wonder If his promise will endure?

If he tells you that he loves you, And will love you until death, Test his love some sunny morning With an onion on your breath!

If he suffers this unheeding, Grab him, keep him, hold him fast; Either he's a wooden dummy, Or he'll love you to the last.

The Times says the County Home is self sustaining. Then who gets the \$14,000 the Democratic campaign pamphlet says the home costs the taxpayers each year?

PRIZE INDIAN POET IN UNITED STATES

SIR RABINDRANATH TAGORE

Tagore, best known modern Indian poet and philosopher, is on a lecture tour through the United States. He represents the modern element in oriental philosophy and has helped to wake Asia to a realization of its place in the world.

HARTLEY'S WIN TWO MATCHES AT "Y"

Footer Defeat Windjammers in Temple League Mills Star at "Y"

Hartleys took two out of three from the West Virginian bowlers last night in the "Y" league. Mills, with 343 had high three game total. Score:

San Felice Cigars FIVE CENTS STRAIGHT AND WORTH IT!

Owing to the greatly increased cost of quality tobaccos, in fact everything pertaining to high grade cigars, the makers of the San Felice cigar, The Deisel-Wimmer Company, have advanced the selling price to the jobbers and dealers, and henceforth this cigar will positively be sold to the consumer at 5 cents straight instead of six for a quarter as previously.

The SAN FELICE is national in its scope and character, having justly attained this eminence through its unexcelled excellence. To maintain this unequalled standard of quality, the advance in question is absolutely unavoidable. The generous support of all men using quality cigars is earnestly desired.

BOY'S CONTEST AT "Y" BEGINS MONDAY

Silver Cup for Winning Team, Shield for High Score Boys.

The Y. M. C. A. has provided an all round contest for the boys of the Association which will include competition in every phase of Association life, in church life, school life and home life. Every Junior has been placed on a team and will compete with the other teams of his class.

In Junior "A" the following teams are listed under head of Knights, Purple, Orange, Green and Red. In Junior "B" there are six teams which are classed as Braves—Mohicans, Apaches, Delaware, Chippewas, Hurons and Shawnees. In the Employed Boys the boys are classed as Live Wires and the teams will be known as Batteries, Sounders and Buzzers.

The contest will start on Monday, November 6th, and last until April. The teams work for monthly honors and the team with the greatest number of points for the month will be the winner for the month, and the team which has the greatest number of points for the year is the winner of the silver cup.

The boys who score 450 points or more for the year will have their names put on the All Round Shield which is hung in the boys' department. The contest was a great success last year and this year with a larger number of teams, more ways to score points it is believed that the competition will bring the All Round Boys quickly to the front.

AIN'T NATURE WONDERFUL

A comb has been invented by a Cincinnati blacksmith that parts a single hair in the middle.

Article 9843821 in the locomotive salesmen's rule book reads, "They ain't got to carry no samples."

ON ACCOUNT OF THE WAR WHEEL BARROWS WILL BE MADE WITH ONLY A HALF A WHEEL.

FABLE
Once upon a time a woman boarded ye street car and had ye fare ready.

"He was sentenced to at least 20 years and not more than life in Sing Sing."—New York Journal.

YE OLDE STUFF

Berlin—
"On the right front near Roquetfort, our troops charged and recaptured eight trenches, the village of Hangover and made 4000 prisoners."

London—
"On the right front near Roquetfort, our troops charged and recaptured eight trenches, the village of Hangover and made 4000 prisoners."

A file has been patented by a Louisville barber for taking the sharp edges off jelly.

DID YOU KNOW THAT—

By the peculiar way a crawfish moves that if it faced the west and was going to crawl from New York to San Francisco it would crawl into the Atlantic ocean before it started?

The Times says the County Home is self sustaining. Then who gets the \$14,000 the Democratic campaign pamphlet says the home costs the taxpayers each year?

HAMILTON PLAYS HARD FOR NORMAL

Double Header in Grade School League Scheduled for Tomorrow

Mike Hamilton, lightest man on the Normal football eleven, is the most valuable man in that organization. In every game that the Normal has played so far this season, it has been Mike's generalship, Mike's punting and Mike's tackling that has resulted in Normal scoring. "He's getting faster every day," said Coach Bell of the little quarterback. Mike is now punting 40 yards and although he weighs but 133 pounds, is able to stop anything carrying the ball.

An oyster supper, with crackers and everything, will be served to the Normal boys by their coach if they succeed in winning from California Normal Saturday. Anderson's restaurant will be the scene of the revelry and arrangements have been made for leading a large number of oysters overland from Baltimore for the event.

The annual rumor that Fairmont is to have a professional ball team next summer, is now afloat in the county. The report is from Charleston this time, to the effect that arrangements are being made for organizing a league with Wheeling, Fairmont, Clarksburg and other middle state cities enrolled.

Tomorrow afternoon the second double header in the grade school foot-

ball league will be played at South Side park. Fleming school will meet White and Miller will meet Butcher Moore, of the high school, with Assistant Coach McClure, are at the head of the graded school football movement and declare it a good thing for the grammar school boys.

Put some new blood in the county government and stop the favoritism. Elect Republican candidates.

Democratic county officers say they can't stop bootlegging. Elect Republicans who will.

A Warm Welcome from the Underwear Store
